Attractive design, impressive craftsmanship

An inviting ambience is a key factor for a comfortable restaurant experience. WERZALIT table tops are available in an ample selection of decors and shapes to offer the perfect look for every taste. The patented manufacturing process ensures that they retain their beauty for a very long time.

Your key benefits at a glance:

- ✓ Many modern decors
- ✓ Individual design solutions
- ✓ Stable and robust
- ✓ Seamless surface that is easy to care for
- ✓ Weatherproof and UV-resistant
- ✓ Heat-resistant
- ✓ Sustainable: PEFC-certified
- ✓ TÜV guarantee

Sun, rain, ashes, acid and grease – table tops have to stand up to a lot, especially outdoors. Table tops from WERZALIT shrug off almost everything without a trace. They are practically impervious to mechanical, thermal and chemical influences.

The smooth, closed surface that is homogenously pressed onto the wood material is easy to clean and satisfies the hygiene requirements of the professional catering industry.

👉 **We recommend lighter decors for tables that are exposed to significant sunlight.**

All colours/decors stated in the brochure can deviate from the original colours due to printing process. Therefore kindly ask for a sample or our décor-fan.

* Applies only to products produced in Germany.

Bosco. The warmth of wood

Take a tour of international interior design culture: clear Nordic, romantic Mediterranean or exotic extravagance – the Bosco collection opens up a world of warm wood tones and stylish surfaces. The palette ranges from light maple and copper beech to dark wenge, from wood grain and platted and woven structures to coffee bean decor. A dynamic and pleasantly natural collection.

Punto. Inspiration through design

If you love the interplay of form and colour, Punto is just your style. Cool, fiery or in subdued pastels, the decors of Punto exhibit a rich palette of styles. Floral patterns adorn the table tops with blooming fantasies: romantically delicate or in high-contrast retro style. Whatever your preference, this richly varied collection has something for you.

Arte. Tables as art

The Arte collection graces your tables with beautiful designs. Harmonic, atmospheric colour compositions recall water colour and batik techniques with delicate lines and shapes accentuating larger elements. Taking creative table design to a new level: individuality and artistic sensibilities shine through in this collection. Decors as abstract art – that is Arte.

Classic. Table culture in pure form

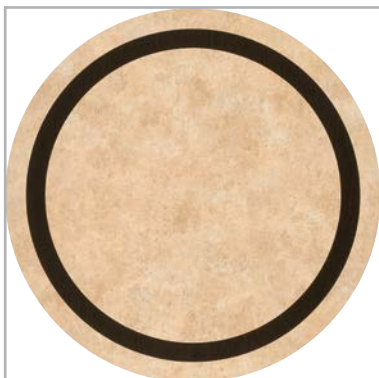

The tavola table top, with its stylish bordering began with the Classic collection. Muted, restrained colours in warm to cool tones, classic decors in stone or wood styles and a high-contrast border – these are the elements of the Classic series. Create a Vienna coffee house atmosphere or the ambience of an Italian gelateria with these elegant decors. Additional decor combinations are possible on request. Most decors of price group 1 can be combined together.

Studio. A special kind of charm

Studio takes up the classic style of Classic and alters it in one significant detail: shifting of the stylish border further into the table. The surface is interrupted for a delicate look that lends a charming hint of extravagance. Studio – for the love of something special.

Accessories. Attractive extras in a matching look

In addition to the wide selection of table top decors and shapes, WERZALIT offers you a supplemental range of accessories: Decorative rings for round tables as well as stool and chair seats. The choice is yours!

Stool and chair seats

The chair and stool seats come in two sizes: Choose from diameters of 34 cm or 40 cm – as a match for the table top or in any other decor from the entire programme.

Decorative rings

We offer decorative rings in modern chrome or classic brass for round tables of 60cm or 70cm diameter. They deliver an elegant look and help the table tops last even longer.

Useful information about WERZALIT table tops

WERZALIT table tops are easy to care for, robust and long-lasting. We offer here some helpful information to ensure that you will enjoy your table tops for many years to come.

Heating by the sun

WERZALIT table tops that are exposed to significant amounts of sunlight can temporarily deform into a concave shape. The corners bend upward and the middle downward.

As a preventive measure to counteract this change in shape, the table tops have been produced with a slightly convex shape. When the table tops are used, this deformation recedes such that it is hardly noticeable at all.

For locations exposed to extensive sunlight, we recommend choosing lighter decors or our Classic design with dark border but with a matching light decor in the centre of the table top. Dark table tops with larger square and rectangular dimensions heat up so much under heavy sunlight that the resulting deformation is irreparable. These table tops should only be used in shaded areas. Such decors are marked with ³⁾. If you nevertheless wish to use decors marked in this way in unshaded areas, please consult your customer advisor. We will offer you a custom solution for this purpose!

WERZALIT table tops as such are not quite plain at all. Lasting deformations may occur (reaching up to ± 4 mm/1 m Table top-length, longitudinally-measured in top-center). These deformations are judged to be uncritical! Therefore only limited utilization of the table tops when stringing together some tables.

Decors

There may be slight differences between the decors shown in the leaflet and the real table top-colours. Kindly count on slight deviations in colour if you extend existing projects by new table tops. We recommend to ask for samples.

Special decors

Decors produced via special printing processes have properties that live up to our standards. However, they should not be subjected to weather influences year-round. Decors with special printing processes are marked with ⁴⁾.

Storage

Tables may not be stored "upside down" outdoors because the edge shape prevents water from running off.

Durability

The durability of our table tops satisfies the requirements of DIN EN 438 for kitchen work surfaces. However, they are not infinitely scratch-proof. Hard, rough, sharp-edged or mineral-based objects, such as metal, stoneware or unglazed porcelain can cause irreparable scratches and scrapes on the table tops. However, this does not impair their usability or long service life. For cleaning just use water with rinsing agent or abrasion-proof cleaners.

You can ask for the new display with 18 table top decors at info@werzalit.com.

Tradition meets innovation

carino production in Lugoj, Romania

Your key benefits at a glance:

- ✓ Weather- and UV-resistant
- ✓ Easy to care for and scratch-proof according to DIN EN 438
- ✓ Heat-resistant and non-warping
- ✓ Many modern decors; special decors possible
- ✓ Various table top thicknesses on request
- ✓ Various edge shapes possible
- ✓ Flexible delivery times and a competitive price thanks to 100% in-house production
- ✓ Individual formats and shapes

The production of WERZALIT moulded parts such as construction profiles, table tops and many other products has its origin in the manufacturing of veneers. Many innovative processes were required to successfully manufacture these products over the years.

It is therefore certainly no accident that it was in the veneer and plywood plant where the foundation was laid at the end of 2015 for another WERZALIT product, the carino compact table top. This table top will be another attractive revenue source for the plant and already demonstrates the importance of this Eastern European investment for the WERZALIT group.

carino. compact table top in select WERZALIT decors

carino offers an impressive variety of options. It can be ordered in different thicknesses and shapes as well as in almost all WERZALIT decors and can be mounted on various pedestals. The perfect combination can be found by anyone!

carino can be used almost anywhere thanks to the wide range of possible combinations. Our new registered mounting system makes it possible to easily mount the table top on all typically available pedestals. As it can also be ordered in almost all WERZALIT decors as well as various thicknesses and shapes, it is also completely customisable. Naturally, carino is also heat- and weather-resistant. Plus, all that comes at a very competitive price!

Mounting system

For a surcharge, the registered mounting system can be ordered with pre-milled grooves for the underside of the table top. This allows the table top to be mounted on all typically available pillar-type pedestals without drilling.
