PERFORMANCE DELIVERED

8 REASONS WHY A CHURCHILL PLATE IS MORE THAN JUST A PLATE

WE BLEND CENTURIES OF EXPERIENCE WITH CUTTING EDGE TECHNOLOGY AND DESIGN INNOVATION TO PRODUCE ONE OF THE STRONGEST CERAMIC BODIES IN THE WORLD*.

Manufactured in the UK, Churchill's tableware is precisely engineered to perform to the demands of the hospitality environment. Every step in the process is practised and refined. From the sourcing of raw materials and unique formulation of the clay body, to

shape engineering and numerous quality checks ensuring that Churchill products work as hard as you do. Top industry chefs choose Churchill over other brands due to the performance, expertise and design of our ceramics adding value to their hospitality operations.

PERFORMANCE MATERIALS

Our unique clay recipe is essential in creating a strong and durable product for the hospitality industry. Our raw materials are selected to deliver the optimum balance of strength and whiteness.

ENGINEERED SHAPE & FORM

Every piece of Churchill's ceramic is designed with performance in mind. Through expert shape engineering, we reinforce strength and durability while continual investment in technology guarantees functionality and consistent quality.

VITRIFICATION & FIRING

100% of Churchill's ceramics are vitrified which is essential to the hospitality industry. Through the process of vitrification, the particle structure of our ceramic body becomes strong, dense and watertight.

GLAZING

Our glaze is hard wearing and designed specifically for the hospitality environment. The durability is a combination of the glaze recipe, the firing temperature and substrate. Our Eco Glaze is specially formulated to be re-usable, minimising our impact on the environment.

QUALITY & CONFORMANCE

Churchill ceramics are continuously tested and quality checked, from the stage of raw materials, throughout the manufacturing process to the final fired piece.

DESIGN INNOVATION

Churchill are experts in ceramic design and at the forefront of innovation. Our entire product portfolio is designed in the UK by our experienced and talented design team. We work with chefs from around the world ensuring we understand the needs of our customers.

SERVICE & STOCK

At Churchill we are dedicated to reliability, ensuring our product is in stock and delivered on time. We pride ourselves on our stock levels and ability to deliver on time, all around the world.

HISTORY & HERITAGE

Established in 1795, Churchill have been manufacturing ceramics in Stoke on Trent, England for 225 years.

ALCHEMY®
Performance Fine China

NEW ADDITIONS

Abstract

Contemporary Elegance

Designed for contemporary dining settings, Alchemy Abstract features a fresh geometrical embossment on white vitrified fine china. Alchemy Abstract is a high performing and functional collection, the added alumina in the fine china body enhances both strength and whiteness. Modern and minimal, the versatile Abstract design complements other ranges within the Alchemy portfolio, including the simplistic and comprehensive White collection.

Introducing contemporary trays into the Alchemy Abstract collection for Spring 2023. Available across two sizes, each with two depth options and featuring the fresh, geometrical embossment. Also new this season are striking Abstract Feature Pieces, the perfect statement items for premium food presentation.

NEW COLLECTION

Fusion

Radial and Expressive Texture

Studio Prints Fusion showcases a textured border effect, inspired by the fusion of multi-tonal reactive glazes. Radial and expressive, this design blends colour and texture with a contemporary white centre, ideal for framing premium food presentation. Decorated under-glaze, Studio Prints Fusion is designed to suit all manner of hospitality environments.

Introducing two colour combinations within the Fusion collection, Agate Grey and Aquamarine, perfect for mixing with other Studio Prints designs such as Raku and Stone to create a modern and stylish tabletop.

NEW COLLECTION

Homespun Chroma

Intensity of Colour

Homespun Chroma, derived from the original Homespun design, features the classic concentric pattern and look of hand-thrown pottery. Inspired by the deep, intense colourways created through layering glaze effects, Homespun Chroma has been designed to create a bold and striking canvas to complement all styles of cuisine.

Introducing the first colourway within Homespun Chroma, Marine, a combination of bold blues and refined greens pooling together to form a jewel-toned hue. Available on core rounds and feature piece triangles and oblongs.

Kintsugi Accents

Interpreting Ceramic Arts

Studio Prints collections are a contemporary take on traditional studio pottery. The Kintsugi design is a modern interpretation of the Japanese art of repairing broken pottery. The intricate crackled design features a subtle, reactive texture that makes each piece unique. The design is decorated underglaze, creating a protective layer for added durability.

Introducing Kintsugi Accents, a contemporary take on the all over crackled design. Available in Quartz Black, a bold and striking tone that is perfect for mixing with other designs in the Churchill portfolio.

Raku Nourish

Reactive Texture Through Print

Studio Prints collections are a contemporary take on traditional studio pottery. Raku, a range in the Studio Prints collection, is inspired by the traditional glazing process known as Raku firing, which creates expressive and exciting results. Emulating an artisan glaze finish, Studio Prints Raku has all the durability and technical reassurance required for the hospitality environment.

This season introduces Raku Nourish, showcasing the reactive glaze effect on stylish contour shapes. Available in Topaz Blue, Raku Nourish items are the perfect accessories for all styles of modern tabletops.

NEW COLOUR

Patina

Inspired by Surface Texture

Stonecast Patina is inspired by tones and surface texture created naturally over time, shaped on organic materials such as metal, stone, leather and wood. The earthy, reactive tones are hand decorated in the UK, making each piece unique and individual.

Introducing Deep Purple, the eighth colour in the Stonecast Patina collection. Intense Deep Purple creates a striking base for food presentation, whilst also mixing perfectly with the existing Patina colourways.

NEW COLOUR

Accents

Subtle Colour Balance

A subtle alternative to all over colour, Stonecast Accents incorporates white space into the iconic spin-wash design. The Accents design brings a contemporary feel to the collection, while maintaining the rustic character of Stonecast. Hand finished in the signature edge band, Accents stands alone or looks great mixed with other Stonecast designs.

Introducing Stonecast Accents Petal Pink, a soft pastel shade, perfect for mixing with existing colours, Blueberry and Duck Egg.

Med Tiles

Eclectic Mediterranean Pattern

The Med Tiles design is an impression of the antique Moorish tiles found in the Mediterranean cities of Spain, Portugal and North Africa. Inspired by the vast heritage behind these patterns, the design features a worn and aged look and is printed in a reactive colour meaning that every piece is unique. Ideal for sharing plates and signature dishes, Med Tiles mixes and matches with other Churchill ranges to create an eclectic look.

New for Spring 2023 are core plates, feature piece triangles and accessory pieces, printed in the fresh, reactive Aquamarine colourway for an eclectic tabletop look.

Chefs' Plates

NEW ADDITIONS

Innovation in Shape Design

Amongst the coloured tabletop revolution, there is still a place for fresh, contemporary whiteware. A collection of innovative tableware shapes, Chefs' Plates add value to simplistic white tabletops.

Introducing Chefs' walled oblongs for Spring 23, featuring a modern walled edge and a concentric embossment that is reminiscent of hand-thrown pottery. Available in two versatile sizes, designed for elevated food presentation of starters, mains and sharing plates.

BRITISH STANDARD EUROPEAN APPROVED

VITRIFIED HOTELWARE

We test the vitrification of our products everyday, both in the kilns during firing and in our laboratory when the manufacturing process is complete.

BRITISH STANDARD

MECHANICAL DISHWASHER RESISTANCE

We test dishwasher durability to British Hospitality Standard BS 12875. In service testing has demonstrated that under hospitality use, this is the equal to 5000 dishwasher cycles.

FULLY GLAZED BASE

Although glazing the feet of our ceramics adds complexity it increases functional benefits to the customer. Foot glazing requires 'pin firing'. This prevents scratching to tables and plates when stacked.

STACKABLE

The technology used to form our products ensures consistency in size and weight allowing pieces to be stacked back of house using less space and reducing breakages.

SUPERIOR GLAZE FINISH

Our glaze is hard wearing and designed specifically for the hospitality environment. Sprayed glaze creates a smoother and more consistent finish.

DURABLE AND VITRIFIED

Breakages in ceramics are generally related to porosity or how much water a piece can absorb. Water absorption weakens the chemical structure affecting its durability over time. Through the process of vitrification, the particle structure of our ceramic body becomes strong, dense and watertight.

ECO GLAZE

Our glazing system is carefully formulated to allow oversprayed glaze to be collected, go through a lengthy cleaning process and then be reused, minimising our impact on the environment.

5 YEAR EDGE CHIP WARRANTY

Covered by our 5 Year Edge Chip Warranty. ★ Denotes items covered by the warranty
