

NEO™ Series

Integral Storage Icemakers

ICEMAKING & BLAST CHILLING

- Front breathing design allows for installation undercounter or as built-in
- Power indicator illuminates once pressed so that operators can see at a glance if the machine is in ice making mode
- Delay feature allows operators to make ice only when needed lowering water and energy costs
- Clean button indicates when the machine is in a cleaning cycle
- Full bin indicator illuminates when harvested ice
- Easy access angled door makes scooping ice easier

NEO Series Icemakers Available in Regular, Dice and Half Dice cube sizes - Dice as standard
