

FS400 - Jantex Green Concentrate Biological Washroom Cleaner - 5Ltr

CONCENTRATE

Removes organic staining and odors in order to maintain a clean, odor-free washroom environment.

Biotechnology based formula designed to target the causes of odors, including uric acid and control scale.

Ideal for all washroom surfaces, including floors and walls.

Directions for Use

For an odour free washroom:
Spray or swab BT4 onto the contaminated surface making sure you work it well into the soiling with a clean, damp cloth or mop. Leave BT4 to work for 2 - 3 minutes before wiping away any excess product.

Do not rinse but allow to dry slowly. Repeat regularly until problem has been eradicated.

To maintain an odour free washroom, spray and wipe soiled and contaminated areas regularly with BT4.

For sink and waste outlets:
Pour a little directly into sink or urinal outlets during quiet periods or at night, to eliminate scale, odours and blockages.

Physical and Chemical Properties

Physical state: Liquid
Colour: Green
Odour: Lemon
pH: 2 - 4
Density: 0.99 - 1.02

Additional Dilution Recommendation

General Maintenance;
Dilute up to 1:20.
Bucket: Add 50ml BT4 per 1L of water.

Safe Handling

Ensure the correct PPE is worn at all times when handling, dispensing or using chemicals. All PPE should comply with appropriate standards and be readily available for use.

In case of an accident please refer to the product Safety Data Sheet (SDS) for immediate first aid measures and helpline telephone number for a medical emergency.
