

## SANTOS COLORED BLENDER CONTAINERS

SANTOS keeps innovating and now offers **colored jugs** for its Brushless Blender #62 in order to respond to the market's demand.

Available in **yellow and red**, those new **BPA-free containers** are perfect for users worrying about the potential allergen cross-contact.

Associating identified recipes containing allergens, such as nuts, soy or dairy, to some specific colored containers will help **prevent cross-contamination** and protect the consumers' health.

### MORE ABOUT SANTOS BRUSHLESS BLENDER 62

First blender in the world equipped with a Brushless motor (no carbon brushes) giving it extensive life expectancy and excellent energy efficiency. It is also extremely quiet.

It is the ideal appliance to make any kind of cocktails, smoothies, milkshakes, iced coffee, thanks to its 30 programs which guarantee a high quality blend, precise and constant.

You have also the possibility to create your own custom programs.

It has a patented two-way rotation of the blade, unique on the market, perfect for frozen drinks with ice cubes and frozen fruits.
